

6th Linked Employer-Employee Data (LEED) Workshop

Call for papers

Dear Colleagues,

We are organizing the 6th Linked Employer-Employee Data (LEED) Workshop at School of Economics and Management, University of Minho (UMinho), **Braga, Portugal, October 3 & 4, 2019**.

Researchers using LEED are encouraged to submit a paper to the Workshop. There are no restrictions on the topics covered. Following past editions of the workshop, we aim to promote the discussion of both theoretical and empirical work and improve the role of LEED in shaping new research paths for economic and policy analysis.

The keynote speaker is **David Card** (University of California, Berkeley).

Papers should be submitted by **September 8, 2019**, to Susana Figueiredo at the following e-mail address: nipe@eeg.uminho.pt

Authors will be notified about the status of their submissions by **September 13, 2017**.

More info here: <https://www.eeg.uminho.pt/en/investigar/leed2019/>

Please disseminate this call to other researchers interested in these issues.

Kind regards,

The Organizing Committee,

João Cerejeira
Miguel Portela
Natália Barbosa
Natália Monteiro
Priscila Ferreira
